13th – 18th July 2011, Fudan University

Universitas 21

UNDERGRADUATE RESEARCH CONFERENCE

Share your Inspiration...

APPLICATIONS DUE Friday 29th April

Who should apply?
Undergraduate students of any discipline who have completed at least 200 credit points, or Honours who will have completed at least 50 credit points by July 2011. Students must be able to present their research in either a poster format or as an oral presentation. Applications must be submitted to home Student Centres by the due day and must include:

1. research topic abstract;
2. personal statement outlining why you wish to attend the URC, eg. what you can bring to the conference and what you hope to take away from it (approximately 300 words);
3. cover sheet including student number, faculty, email and average grade of subjects completed to date.

Feedback from previous participants:

“The conference was an excellent sounding board for ideas that I had, and helped me put my research, discipline, and industry into perspective.”

“It has given me great insight into the world of academia. It also helped me realise the importance of people being to convey their research to others even if they were from a different discipline.”

“It has exposed me to various perspectives and thus given me a broader outlook on global issues; personally, I have made friends from around the world and exchanged ideas that may one day lead to working together to finding a solution to a global problem.”
